

FOAM BOX

Clean **Better,** Clean With **foam**

The Technology

The Foam Active Procedure

FoamBOX

A unique, small and compact multi use foaming machine with high pressure rinse. Can be used on its own or paired with the **HEY Brushing Machine**. Developed with safety and efficiency as its driving factors.

Perks

- Instant high quality foam
- Lightweight and easy to transport
- High/low pressure rinse
- Coats entire duct with foam
- Enables thorough cleaning with limited water supplies

Chemicals

ULTIMATE CARBON AND GREASE CLEANER

Product Code: 95595

Highly concentrated grease cleaner for the removal of heavy and carbonised deposits.

HEAVY DUTY GREASE CLEANER

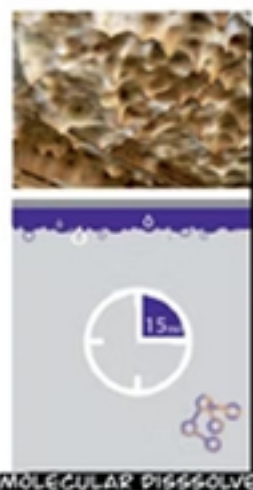

Product Code: 95478

Specially developed alkaline liquid for cleaning grease and carbon from KED systems. Effectively removes pollution and soiling.
