## GSP-19

GSP-19 is a Friction Seal Pneumatic Combination Tool for Plastic strapping band. The GSP-19 is adjustable for strap widths of 16mm (5/8"), and 19mm (3/4"). Two Separate air motor ensure high tensioning power, reliable sealing joint and reduces expensive maintenance of complication systems with affordable replacement parts. Designed to minimize wear and tear of parts and damaging from accidental drops

### Advantage and customer benefits

- User friendly Pneumatic Combination tool to operate, adjust and maintenance
- Design based on 15 years of worldwide field use and feedback
- Long Friction Die plate, highly efficient friction seal joint
- High Tensioning Power up to 4,200 Newton
- Lightweight tool and smaller base for round shape packing
- Lifetime availability of parts and service

### Technical data

Tension Power	Up to 4,200 N
Sealing	Friction Seal joint
Strap width	5/8", 3/4" ( 16, 19 mm)
Strap thickness	0.60 Up to 1.12 mm
Strap quality	PET / PP Straps
Weight	8.5 lbs or 3.8 Kg.
Air Pressure	5.5 up to 7 Bar.
